

ROBINSON Industries

Reusable plastic packaging. And then some.

Thermoformed Pallets

Single sheet and twin sheet
Standard and custom sizes

We know a thing or two about thermoformed plastic pallets.

We should. We invented them.

For more than 65 years, Robinson Industries has been the leader and innovator in reusable plastic pallets. That experience means we offer one of the largest selections of standard plastic pallets you'll find anywhere. It also means that we have the in-house expertise, design/engineering skill and manufacturing capacity to develop a custom solution that perfectly meets your needs.

Whatever your product — from automotive parts to glassware, from textiles to produce, Robinson Industries can help make your logistics more efficient with reusable plastic packaging designed specifically for you.

Features

- Single or twin sheet
- Available in high density polyethylene
- Optional seat belts
- Labeling including RFID
- Unique lids for pallet pack options

Benefits

- Easy storage and maintenance
- Longer life cycle
- Reduces overall logistics costs
- Reduces packaging costs
- Offers extension of company branding

The Leader in Thermoformed Pallets

Standard Pallets

Single-Sheet

- Robinson Industries offers one of the industry's largest selections of standard single-sheet pallet sizes
- Many are available with "seat belt" banding systems
- Variety of colors

Twin-sheet

- Most are available with "seat belt" banding
- Variety of colors

For examples of our standard pallet sizes, visit pallets.robinsonind.com.
